**Counted for the competitor:** 1) Legal techniques delivered with proper technique, speed, power, and timing to legal vulnerable areas; 2) All takedowns and sweeps if: A) it is cleanly executed; and B) the executing competitor stays on his/her feet. It will count more heavily in the competitor's favor if takedowns and sweeps are followed up immediately with a non-contact, focused finishing technique.

**Counted against the competitor:** 1) Illegal techniques; 2) Running out of bounds; 3) Pushing or shoving your opponent out of bounds with your hands or any part of your body.

Coaching will result in a deduction of points or disqualification of the competitor. **Stopping the match:** 1) If a competitor is unable to continue for any reason, the referee will stop and give him/her 5 seconds to recover. If the competitor cannot recover after 5 seconds, the match will be stopped; 2) The match can be stopped early by any competitor who chooses not to continue. 3) The match can be stopped at any time the head referee decides a competitor should not continue. Note: In the above-mentioned three cases, the win will be awarded to the remaining competitor, provided the fight was not stopped due to an illegal technique.

**Automatic Disqualification:**

1) Failure to make weight; 2) Disrespectful behavior; 3) Violation of protective equipment rules; 4) Use of intentional illegal techniques; 5) Vomiting during match; and 6) Obvious disregard for the rules
